<b>APPENDICES</b>	Appendix 1 – Street Trading Policy & Standard Conditions Appendix 2 – Information Pack & Application Form

**1. PURPOSE OF REPORT**

- 1.1 At the last Licensing & Environmental Committee meeting on 19<sup>th</sup> April 2006, Members requested an overview of the context for a review of the town centre in the light of applications for street trading consents and direction on the Council's policy on Street Trading.

**2. RECOMMENDATION**

The Committee is asked to decide to:

- 2.1 note proposals for the future strategic direction for Kidderminster.
- 2.2 recommend to Cabinet that the proposed Street Trading Policy, Information Pack and Application Form be approved for consultation, prior to proposed adoption in November 2006.

**3. BACKGROUND**

- 3.1 Licensing & Environmental Committee initially considered a third party request to review some of the existing Street Trading Consents in Kidderminster in November 2005. At the time it was agreed not to revoke the existing consents report to Committee in the usual way on the renewal of the licences at their expiry in March 2006 and, in the meantime, to undertake consultation with interested parties.
- 3.2 The consultation would enable a review of the trading situation and allow any changes during the previous year to be taken into account.

- 3.3 Members are aware of proposals for the outdoor market in Kidderminster and of the intention, amongst other initiatives, to appoint a Town Centre Manager and requested a definitive report on strategic developments for the Town Centre which impact on their consideration of Street Trading consents.
- 3.4 Further, Members requested additional information to enable consideration of the basis upon which the Council determines Street Trading Consents and what powers the Council has to vary the fees it charges with applications for consents.

**4.0 TOWN CENTRE STRATEGIC PROPOSALS**

- 4.1 The overarching strategic review of the town centre which brings together social, economic, transport and land use considerations will be through the new spatial planning process (the Local Development Framework). The Council's published Local Development Scheme (April 2006) identifies the proposed Kidderminster Central Area Action Plan Development Plan Document which is to be scoped later this year and into 2007, with draft issues and options to be prepared during 2008, public participation proposed early 2009 and adoption intended in September 2010. This will set out the spatial blueprint for the Town Centre and its vicinity for the future.
- 4.2 In April 2005, the Council approved the Kidderminster Economic Development & Regeneration Strategy. In February 2006, Cabinet approved two principal elements arising from the strategy, the endorsement of the Kidderminster Town Centre Partnership (KTCP) Business Plan for the appointment of a Town Centre Manager and proposals to work up a Town Centre Business Improvement District (BID).
- 4.3 The appointment of a Town Centre Manager offers inter alia the opportunity to review and improve the town centre environments and the streetscene and will provide an important link between the town centre retailers and KTCP. It is anticipated that this would include the development of a Town Centre Strategy (which will link into the Kidderminster Central Area Action Plan).
- 4.4 However, the Town Centre Manager is not planned by KTCP to be in post until April 2007, at the earliest.
- 4.5 In September 2005 Cabinet considered a report on the Kidderminster Street Market at which time it was agreed to put the outdoor market service out to tender.
- Tenders were subsequently considered by Miscellaneous Functions Committee in March and April 2006.
- 4.6 The contract has been awarded and is currently being prepared; it is anticipated that the operator will take over upon signing of the contract in the next month or so.
- 4.7 Members are rightly concerned that there needs to be joined up thinking to ensure compatibility between the operation of the outdoor market and the future issue of Street Trading consents.
- 4.8 A cross Divisional Officer Working Group has already met to ensure that information is shared and actions co-ordinated across all of the Council's main strategic areas of town centre development.

**STREET TRADING CONSENT CHARGING & POLICY**

- 5.1 The Council charges an application fee for determining Street Trading applications which is intended to cover the administration costs and handling of the application. The fees are reviewed annually as part of the normal budget setting procedure undertaken by the Council and come into force from 1<sup>st</sup> April each year.
- 5.2 Currently the initial application fee for a Street Trading Consent stands at £1,418 and £1,183 for food and non food respectively, at £1,301 and £1,064 for renewals for food and non food respectively and £555 for mobile traders. The charging policy for the outdoor market will be maintained at broadly the existing structure for the first six months under the management of the new operator, i.e. £1.25 per foot, plus a £5 stall hire charge. Thereafter the operator will be able to charge a rate of their choosing, presumably reflecting the 'going rate' across the Midlands.
- 5.3 There is little merit in comparing the equivalent daily rate for a Street Trading Consent with the daily rate for the outdoor market as the two are incompatible from a charging point of view. In any event, on market days it is not possible to trade under a Street Trading Consent anyway, only through the market with the appropriate market rates being charged.
- 5.4 At present, the Council has no adopted policy on Street Trading. Attached at Appendix 1 is a proposed policy which Members of this Committee are asked to commend to Cabinet for formal consideration. It is intended that this policy would be presented to Council in November 2006 for final approval.
- 5.5 At Appendix 2 is a proposed information pack and application form which Members are also asked to commend to Cabinet to be included in the same consultation process.

**6.0 LEGAL & POLICY IMPLICATIONS**

- 6.1 The Council currently has no policy for dealing with Street Trading Consents; the introduction of this policy will enable a transparent, objective and consistent approach.

**7.0 FINANCIAL IMPLICATIONS**

- 7.1 The policy proposes a re-structuring of the application fee regime which will potentially increase fees received from street trading consents if they exceed the minimum dimensions.

**8.0 RISK MANAGEMENT IMPLICATIONS**

- 8.1 The lack of a policy exposes the Council to potential criticism of inconsistency and unfairness in dealing with street trading consents. The introduction of the policy and information pack will ensure the transparency of the process.

**9.0 CONCLUSION**

- 9.1 Street Trading Consents are issued on an annual basis from April each year with annual fees being set as part of the Council's budget process. There are a number of strategic developments planned which will impact on Kidderminster Town Centre and the Outdoor Market which affect and need to take account of the Council's position on Street Trading Consents. The adoption of a policy and associated documentation will help to clarify and make transparent the Councils approach to street trading.

**STREET TRADING - POLICY STATEMENT****UNDERLYING PRINCIPLES**

1. Street trading is regarded as an acceptable activity in Wyre Forest within the consented areas (Appendix A), provided that it is located where it can make a positive contribution to add interest, vibrancy, and diversity to the area and does not give rise to problems associated with Crime and Disorder.
2. The Council is the responsible authority for granting Street Trading Consents in Wyre Forest and will ensure that traders operate in accordance with conditions attached to such Consents (Appendix B).
3. The Council accepts that Wyre Forest comprises distinct areas with differing historic and commercial characters, and varying streetscape qualities, which should be individually developed and promoted, and therefore the Council has identified suitable locations (consented areas) for street trading in consultation with the Police, and other consultees.
4. The Crime and Disorder Act (1998) stresses the need to take positive action to combat crime and the fear of crime. Therefore, prior to granting any Street Trading Consent the Council will pay particular attention to any potential crime and disorder arising directly or indirectly from the Consent and will give significant weight to the views of the Police and Community Safety Officer.
5. The Council may issue a Consent for up to one year or a lesser period where appropriate if the trading activity is seasonal or of a temporary nature.
6. Applications will only be considered where an applicant has completed an application form and will not be granted unless an applicant has paid the appropriate Consent fee.
7. Applications for a Street Trading Consent will be considered and determined under the Council's Scheme of Delegation by the Head of Planning Health and Environment, or otherwise by the Council's Licensing & Environmental Committee.
8. Where more than one trader applies for a Consent to trade from an approved site, the applications will be referred to the Council's Licensing & Environmental Committee.

**CRITERIA FOR CONSIDERING APPLICATIONS FOR STREET TRADING CONSENTS**

When considering an application for a Street Trading Consent, the Council will take into account the following matters when reaching its decision:

1. Responses from Consultees and other interested parties.
2. The proposed siting and design of the street trading vehicle and whether it enhances the vitality of the shopping area within the immediate vicinity.
3. Any potential obstruction to the free flow of pedestrians or of vehicles in the street, with special regard for the visually impaired.

**APPENDIX 1**

4. Road safety, either arising from the siting of the street trading vehicle or as a result of customer visiting or leaving the site, including existing traffic orders and waiting restrictions.
5. The nature of the proposed goods to be traded and whether this will create conflict with the trade of adjacent, established shops.
6. Whether the proposed siting of the street trading vehicle obstructs the frontage of adjacent established shops.
7. The numbers, distribution and location of existing street trading consents.
8. The likelihood of excessive noise, odour and litter being generated.
9. Whether the proposal would conflict with any other policies of the Council.

- v. Having received all comments/recommendations and taking into account the Council's adopted Street Trading Policy, the Head of Planning, Health & Environment or one of his nominated officers, under the Council's Scheme of Delegation, may then determine applications where there are no objections and where the application is to be granted. Where your application cannot be granted, or where objections are received, your application will be referred to the Council's Licensing & Environmental Committee for consideration and determination.
- vi. You will be informed in writing of the recommendation to the Licensing & Environmental Committee and the date of the meeting to which you will also be invited to attend.
- vii. If your application is granted, you will be requested to pay the fee. The Consent will be issued upon payment of the fee, together with a copy of the Standard Conditions applicable to street trading Consents plus any Special Conditions deemed necessary by the Council.
- viii. If the Committee refuses your application you will be notified in writing of the reasons for refusal.
