

**WYRE FOREST DISTRICT COUNCIL  
PUBLIC REALM AND STREETSCENE  
(CONTROL OF STREET FURNITURE) POLICY  
AND  
LICENCE CONDITIONS FOR HIGHWAYS  
AMENITY LICENCES**

**POLICY**

1. The Wyre Forest towns of Kidderminster, Stourport on Severn and Bewdley have much to offer by the way of creating an ambiance that makes the area attractive to visitors and residents alike.
2. It is the Council's aim to have, weather permitting, good quality pavement cafes, pubs and restaurants, contributing to a relaxed and sociable style of eating and drinking.
3. The purpose of this policy is twofold:
  - To highlight the requirements and standards expected of pavement cafés, pub and restaurant operations in the town centre
  - To guide those wishing to establish and/or operate pavement cafes, pubs and restaurants, through the licensing process
4. The Council licenses street cafes which are not situated on privately owned land, by the granting of a Highways Amenity Licence. The Licence is renewable annually.
5. A Licence Fee will be charged by the Council on an annual basis to include all inspections and monitoring. The fee will be set annually by the Council as part of its review of fees and charges.
6. The Licence application process involves specific procedures following the guidance in this policy. There is an application form which need to be completed by all applicants.
7. It will not normally be necessary to obtain planning permission for outdoor street cafes on the public highway, provided that the main existing premises have the appropriate planning permission and all facilities are portable.

8. Upon receipt of an application, it should normally take two months for the application to be determined, using the process described in the diagram shown in the Appendix.
9. Some areas in the town centres of Kidderminster, Stourport on Severn, and Bewdley may be appropriate for street furniture, others may not; however each individual application has to be considered on its own merits using the criteria set out in this document.
10. The Council therefore reserves the right to refuse applications if they are considered to be inappropriate.
11. The Licence will relate purely to the use of the public adopted Highway land in relation to the premises that is the subject of the Licence. It specifically does not relate to the use of any other external areas which may be within the ownership and / or control of the Licence holder.

## **The Criteria for Considering Applications**

### **Size and Layout**

12. Ancillary street furniture will only be allowed outside the premises with which it is associated. Every application will be considered on its merits inclusive of road safety and health and safety, and will be at the discretion of the Licensing Officer and the Highway Authority.
13. Furniture must not impede access and egress associated with other needs in the immediate vicinity, e.g. kerbside parking, bus stops, taxi ranks and pedestrian crossings. Visibility must not be obstructed.
14. The layout of furniture will only be approved if provision has been made for customers with disabilities. There should be a gradient of no steeper than 1:9 of the remaining footway to ensure that it is compliant with the Disability Discrimination Act.
15. All emergency exits and routes must be kept clear.
16. Furniture must be located directly outside the premises with which it is associated. Consideration must be given to the operational requirements of neighbouring premises and their view will be sought on any applications made.

### **Furniture**

17. The furniture should be of a high quality and uniform style within the licensed area, appropriate for outdoor use. Plastic and/or picnic tables will not be approved.
18. Where umbrellas are used, these must be of a high quality and uniform style. Umbrellas are to be positioned so as to avoid overhanging outside or impairing vehicle sight lines.

19. All items need to be portable enough to be brought in at the end of the licensed period of each working day, for street cleansing purposes, or in the event of an emergency.

### **Environmental and Other Requirements**

21. Litterbins, of an approved type, for the deposit of cartons, wrappers, containers and similar discarded items, shall be provided to ensure the area is kept clean and tidy at all times.
22. The bins will be emptied, by the applicant, daily and more often when required.
23. It shall be the duty of the person to whom the permission is granted, to clean the section of the highway in respect of which permission is granted, to a standard to be determined by the Head of Property and Operational Services.
24. When in use the pavement café area will demarcate the licensed area which contains the tables and chairs, thus making it distinguishable from other pavement users, and particularly to assist blind and visually impaired pedestrians.

### **General**

25. The granting of a Highways Amenity Licence applies only to the applicant in respect of the premises concerned and is outside of and in addition to a licence to sell liquor off premises, and any entertainment consents.
26. Licences have various conditions which can vary between locations. Failure to comply with the licence conditions may lead to the withdrawal of the consent or refusal to renew the licence in future years.
27. The provision of street furniture must be primarily in connection with the service of food and / or drink from the premises with which it is associated and shall not be solely for the use of smokers.
28. Any changes to any part of the pavement café operations (including furniture, other items, area or operating hours) must be agreed in writing with the Council and may need to be the subject of a new or revised licence.
29. The Highways Amenity Licence will normally operate from 9.00 a.m. to 10.00 p.m. In certain areas there may be reductions on those hours due to specific local highway requirements.
30. The Holder(s) may from time to time be notified of temporary suspension of the Licence granted to allow for street markets or other like events,

maintenance, installation works or any other lawful activity to take place. In other cases where the use of the highway alters the permit may be revoked by issue of a notice.

31. Public Liability Insurance cover to £5m will be required for the licensed area and evidence of this must be provided to the Council upon renewal and at such other times as the Council may request.
32. Any objections need to be resolved prior to the Licence being issued.
33. Where the Council is the owner of the sub-soil beneath the highway, an annual rental charge may be made on the licensed area, in addition to the license fee.
34. All Licensed areas are checked yearly by the Council to ensure the street furniture is acceptable and that the Operator/Licensees Public Liability Insurance is current.
